

Gates

Every project is unique. We have the expertise to engineer the right solution for yours.

Precision Isn't Optional. It's an Obsession

For 67 years, ICD has been driven by an obsession with perfecting fit and finish across every millwork product we build. From the start our process has been centered on installation—carefully engineering each piece for strength, beauty, precision, and seamless installation.

Metal core for increased strength

Multiple Joinery Options

Experienced Finishing Team Across Species and Styles

Driveway sized gates available

From Pedestrian to Driveways

A gate does more than just provide access - it defines the first impression to a property. ICD provides standard pedestrian sized gates as well as larger driveway sized gates as well.

Pedestrian Gates

From garden gates, and courtyard entrences to estate walkways and private entry points, ICD builds custom pedestrian gates to match architecture, style, and performance requirements for each project.

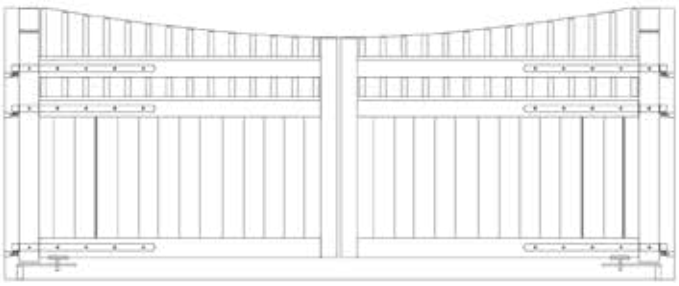

Our team can produce:

- Simple or highly detailed designs
- Custom moldings and profiles
- Traditional and modern styles
- Complex joinery and special construction

Since 1959, ICD has been obsessed with creating truly custom architectural millwork for high-end residential projects

Driveway Gates

Gates of this size require proper engineering Due to their size and weight many gates of ours use integrated steel frameworks

Our team can design and build:

- Wood gates with steel substructures
- Single or double configurations
- Traditional, contemporary or custom design
- Custom moldings, detialing, and architectural features

Design Options

In 67 years we have never built the same gate twice so the design is truly up to you.

Design options include

- Incorporation of custom-supplied components
- Radius components
- Pickets
- Privacy Panels
- Semi-Privacy screening
- Board-and-batten
- X-brace
- Lattice Sections

Finishing Options

Every custom gate deserves a finish that completements its craftsmanship. Through careful sampling and attention to detail, we enhance the wood's natural beauty and create a final appearance that seamlessly integrates with your home's architecture

Make it the easiest next step possible

Tell us about your gates project and requirements, and we'll recommend the best building solution.
